## *Online and Mobile Banking Disruption*

One of the next steps of our building project will be to move our Computer Room into a new, state-of-the-art high tech area. When we do so, there will be a 12 to 48 hour disruption of our Online and Mobile Banking services. Note: your ability to use your debit card to get cash from an ATM will not be affected. While we don't know the exact date yet, our plan is to do this on a weekend. Please check our website frequently as we will post notification at least a week in advance. We hope the move happens sometime in May or June at the latest.
