***Our Lobby is
Reopening!***

We are happy over the last two months that we could meet your banking needs by your utilizing our drive-thru, telephone, online and mobile banking services. Now that New York State has begun to reopen, we'd like to, too! We remain committed to the health and safety of our employees, you our customers and the community, therefore we will now be phasing in the reopening of our lobby.

Beginning **June 1st** if you would like to see an officer and/or the note teller, telephone us to make an appointment. If you feel sick or exhibit any signs of having the virus, or were recently in contact with someone who has, please do not visit us. Please wear a mask for everyone's safety. You can expect to see Plexiglas shields at teller stations and on the Personal Banking desks, as well as social distancing stickers on the floor. Workstations will be wiped down after each transaction and there will be plenty of hand sanitizer placed around the bank.

Then tentatively on **June 8th**, we will allow access to the lobby at limited capacity. For the time being we ask that you enter through the Washington St. Elevator Door. The Genesee St. door will be available for exit only. A guard will ask you to pull your mask down as you enter our vestibule for identification purposes, and then to put it back on before getting on the elevator. You can still go to the walk-up window or go through the drive-in.

We look forward to seeing you! If you have any questions or would like to make an appointment, please call us at 315-797-2700.

Bank of Utica – *in a league all our own.*
